

Click Rights

People are a product of what they read,
learn, understand & experience

Click Rights

Societies are a product of its people, how they interact, share ideas and communicate

Click Rights

The Internet empowers people and enables societies to be free, which is why governments want to control it

Click Rights

Control of the Internet, is control over its people

Click Rights

The Internet has a vital role to foster sustainable human development and democratic societies

Know your rights online

based on the

The Charter of Human Rights and
Principles for the Internet

CLICK RIGHTS

1

Universality and Equality

All humans are born free and equal in dignity and rights, which must be respected, protected and fulfilled in the online environment.

2

Rights and Social Justice

The Internet is a space for the promotion, protection and fulfilment of human rights and the advancement of social justice.

Click Rights

3

Accessibility

Everyone has an equal right to access and use a secure and open Internet.

4

Expression and Association

Everyone has the right to seek, receive, and impart information freely on the Internet without censorship or other interference.

5

Privacy and Data Protection

Everyone has the right to privacy online. This includes freedom from surveillance, the right to use encryption, and the right to online anonymity. Everyone also has the right to data protection, including control over personal data collection, retention, processing, disposal and disclosure.

6

Life, Liberty and Security

The rights to life, liberty, and security must be respected, protected and fulfilled online. These rights must not be infringed upon, or used to infringe other rights, in the online environment.

7

Diversity

Cultural and linguistic diversity on the Internet must be promoted, and technical and policy innovation should be encouraged to facilitate plurality of expression.

Click Rights

8

Network Equality

Everyone shall have universal and open access to the Internet's content, free from discriminatory prioritisation, filtering or traffic control on commercial, political or other grounds.

9

Standards and Regulation

The Internet's architecture, communication systems, and document and data formats shall be based on open standards that ensure complete interoperability, inclusion and equal opportunity for all.

Click Rights

10

Governance

Human rights and social justice must form the legal and normative foundations upon which the Internet operates and is governed. This shall happen in a transparent and multilateral manner, based on principles of openness, inclusive participation and accountability.
